

Living Library - The Workshop

Find out how to run your own Living Library events in your library or community space. This is an excellent opportunity to learn more about the Local Living Library project, funded by the Museums, Libraries and Archives Council, and to hear how other UK libraries have run Living Library events.

All delegates will have the opportunity to take part in four discussion groups covering the main Living Library themes:

- Space and Time
- Recruiting Books
- Publicity and Promotion
- Managing the event on the day

Kevin Harris and Linda Constable, Local Level and library staff will be sharing the lessons learned from the four Local Living Library MLA pilot authorities: Bournemouth, Bradford, Kent and Staffordshire.

What is Living Library?

Living Library gives direct access to someone else's experience, by allowing people to 'Borrow' a Book i.e. a person who has significant experience or a different perspective to share. It can be used to confront stereotypes and prejudices, to explore diversity, or simply to stimulate conversations (loans) that otherwise might not happen. 'Loans' take the form of a conversation, and can last for a variable period, typically 30-60 minutes.
